Subject: Westlake Superfund site update: Attorney Thomas Girardion KMOX RADIO re possible litigation

Good morning Karl:

Updating you on a segment heard this morning in KMOX Radio's Charlie Brennan Show re the Bridgeton Sanitary Landfill and the Westlake Superfund site.

Charlie's guest was Thomas Girardi, lead litigator at Girardi & Keese, the law firm that employs Erin Brockovich as an environmental consultant.

In his own words, Mr. Girardi said, "Unfortunately, in cases like this, the only way to discover the truth is through a lawsuit."

His firm will be represented at the upcoming EPA Community meeting re Westlake Superfund site on June 25th.
